Information for

OUR VISION Hoteluxury provides an exclusive retailing service to the finest luxury and boutique hotels in the world, enabling them to sell the furnishings and other amenities in their hotel to their guests. Our service generates revenue for the hotel as well as the hotel's interior design firm since both receive sales commissions from every item that is sold.

Design firms may also qualify to receive royalties from the vendors who manufacture those products that use the designer's custom designs – effectively providing the design firm with financial rewards traditionally associated with having their own product line.

OUR INTERIOR DESIGN PARTNERS Our interior design partners, like our hotel partners, are carefully selected from those design firms whose work concentrates on the very high end of the luxury hotel segment and whose portfolio includes five star hotels that have either been recently built, recently renovated or are in the process of being built.

“Bring home the finest hotels... one room at a time”®

OUR CUSTOMERS Our customers are affluent, savvy, sophisticated consumers who rely on us to provide them with a highly edited selection of exceptional hotels whose interiors and furnishings they would not only like to experience... but bring home with them.

WORKING WITH US Getting started is easy. The process starts with one of your hotel clients agreeing to be one of our hotel partners. We contact you to obtain pricing, specs and shipping times for the products that are in the hotel and photograph all of the hotel rooms as well as any products for which you did not have images. All of this is entered into a customized website that we build for each hotel and then... we start sending you orders. It costs you nothing and we do everything for you.
