“Bring home the finest hotels... one room at a time”[®]

OUR VISION Hoteluxury is an exclusive retailing service provided to only the finest luxury and boutique hotels enabling them to sell the furnishings and other amenities in their hotel. This creates a new revenue stream for the hotel and extends the power of their brand. It also allows each hotel to provide a higher level of customer service to their guests whose experience at the hotel is now not only enhanced, but can literally be taken home.

OUR HOTEL PARTNERS Our hotel partners are carefully selected from the very top of the five star luxury hotel category. These are hotels who share our commitment to exceptional design... regardless of the design theme. Our partner hotels have either been recently built, recently renovated, or are in the process of being built.

OUR CUSTOMERS Our customers are affluent, savvy, sophisticated consumers who rely on us to provide them with a highly edited selection of exceptional hotels whose interiors and furnishings are so compelling that they want to experience them... and even bring them home.

WORKING WITH US Once we have begun working together, we contact your interior design firm and vendors to gather product specs and images. We then photograph all of the rooms in your hotel and build a customized website that fits with your current site, providing an elegant and compelling visual story about your interiors and furnishings. We do everything for you, at no cost to you, including the photography, the website, vendor relations, customer service, customer payments, shipping, and more. And, everything is executed with the same kind of attention to detail and customer service that you provide your guests.
