OUR VISION Hoteluxury provides an exclusive retailing service to the finest luxury and boutique hotels, enabling them to sell the furnishings and other amenities in their hotel to their guests. We essentially turn each hotel into a showroom where all the furnishings and accessories in the hotel are “floor samples” from which we take orders and place them with you. As one of our suppliers we bring you new sales, new markets and effectively a new distribution channel.

OUR SUPPLIERS Our suppliers are those select manufacturers, craftspeople and artists who sell to the very high end of the luxury and boutique hotel industry. Our partner hotels are similarly carefully selected and represent only the finest luxury and boutique hotels that have either been recently built, recently renovated, or are in the process of being built.

OUR CUSTOMERS Our customers are affluent, savvy, sophisticated consumers who rely on us to provide them with a highly edited selection of exceptional hotels whose interiors and furnishings they would not only like to experience... but bring home with them.

WORKING WITH US Getting started is easy. The process starts with one of your hotel clients agreeing to be one of our hotel partners. We contact you to obtain pricing, specs and shipping times for the products that are in the hotel and photograph all of the hotel rooms as well as any products for which you did not have images. All of this is entered into a customized website that we build for each hotel and then... we start sending you orders. It costs you nothing and we do everything for you.
